How To Trim and Score

1. Fold a 5 1/2 x 8 1/2" paper at 4 1/4" mark.
2. Unfold the card base and place on paper trimmer horizontally. Trim to 8 1/4".
3. Fold card to 4 1/4 x 5 1/2".

4. Adhere the gold striped washi to the right side of the card base.
5. With the card folded, apply the thin gold washi to the right edge of the card front.
6. Repeatedly stamp the sentiment to the right of the card front using Blushing Bride Classic Ink. Set aside.
7. Stamp the large and mini hearts on the Very Vanilla scrap using VersaMark.
8. Sprinkle Gold Embossing Powder and heat set.
9. Using the Stampin' Write Markers, color the heart images.
10. Crop the ribbon using the Melon Mambo; the #3 stitched circle using Blushing Bride; and the two stamped hearts. Crop one small heart using a scrap of Melon Mambo.
11. Place three mini glue dots behind the stitched circle. Secure the Metallic Thread in a circular pattern.
12. Snip 1/3 of a Foil Snowflake and secure behind Metallic Thread.
13. With Multipurpose Liquid Glue, adhere the Blushing Bride art to the lower center of the card base.
14. Place three Dimensionals behind the Melon Mambo ribbon and adhere to the circle.
15. Place a Mini Dimensional behind the upper right of the large heart. Add glue to the left side and secure on ribbon.
16. With glue, adhere the mini Melon Mambo heart behind the patterned heart to create a shadow.
17. Place a Mini Dimensional at the bottom tip of the mini heart and adhere to overlap ribbon and large heart.
